

Pressure for Moratorium on Tests Mounts

By JOHN M. HIGHTOWER

GENEVA (AP)—Soviet Foreign Minister Andrei Gromyko summoned Communist East Germany's top diplomat to Geneva today for consultation. This step gave fresh urgency to East-West talks on Berlin against the background of the 17 nation disarmament conference.

The conference itself addressed a special bid to France to abandon its boycott of the Geneva meeting and send a delegate to fill the empty 18th chair. There was no indication that President de Gaulle would heed the appeal. He considers the meeting useless.

On another front, disarmament experts of the United States, Britain and the Soviet Union resumed three-power discussions of a nuclear weapons test ban. Informants said they failed to make any dent in the East-West deadlock over provisions for inspection to police the ban. They did agree to meet again Thursday.

Pressure mounted among the uncommitted nations for a moratorium on nuclear weapons tests before the United States resumes testing in the atmosphere next month.

From Moscow, meanwhile, came word that Premier Khrushchev had sent a message to President Kennedy agreeing to discuss international cooperation in exploring outer space.

East German Foreign Minister Lothar Bolz was expected here late today or tonight to consult with Gromyko. He would have come earlier, Communist informants said, but for some reason Switzerland was slow in issuing the necessary visas. Gromyko protested to the Swiss.

Western officials were closely watching the outburst of Soviet activity, which seems to have begun with new instructions to Gromyko from Moscow Monday. On that day Gromyko asked Secretary of State Dean Rusk to a brief talk and reportedly gave him a "working paper" of various views on Berlin crisis issues.

Gromyko entertained Rusk and a panel of Berlin policy experts at dinner Tuesday night. They talked for more than three hours. Later word circulated in Western quarters that the Russians had not come up with any new ideas or hints of concessions.

Concerning a moratorium, Foreign Minister Mahmoud Fawzi of the United Arab Republic, Ke

Two Mormon Students Visiting Hope

Two young ministers, Elder Kenneth Higbee and Elder Luckie Pfeister, from the Church of Jesus Christ of Latter-Day Saints or "Mormon" Church are now working in Hope.

In the Mormon Church every young man with a desire to do so is called to devote two years of his life to missionary work. During this time he acquires others with the teachings of the Church, including the distinctly different belief that the Lord has not ceased revelation, but guides his church through a prophet today as he did in ancient times. There is no paid ministry in the Mormon Church and the expenses of the missionary are paid by himself or by his parents.

Weather

Total 1962 precipitation through February, 12.13 inches; during the same period a year ago, 7.03 inches.

Experiment Station report for 24-hours ending at 8 a. m. Wednesday, High 65, Low 50, trace of precipitation.

Arkansas Regional Forecast

By THE ASSOCIATED PRESS

Memphis Group Takes Over Graydon Anthony Sawmill; Operations Will Be Resumed Here

— Hope Star photo.
The CLOSED GRAYDON ANTHONY LUMBER CO. MILL on Highway 29 South has been purchased by a Memphis group and operations will be resumed here shortly, it was announced today.

PICTURE SHOWS PART OF THE PURCHASING GROUP, who flew here from Memphis by private plane Tuesday for a luncheon meeting with local business leaders at Diamond cafe celebrating the closing of the sales contract, negotiated by Vincent W. Foster of Foster Land & Realty Co.

SEATED IN THE PICTURE LEFT TO RIGHT ARE FIVE members of the Memphis purchasing group; James Foster, T. M. Broderick, Claude Stacks, president of the new operating company, Hope Lumber Manufacturing Co., Inc.; Ray Schult, and Dean Swift.

STANDING LEFT TO RIGHT: COUNTY JUDGE ORIE Byers, John Kelly, who will manage the new mill company, Secretary-Manager B. N. Holt of Hope Chamber of Commerce, G. G. Medders, city manager of City of Hope; and W. R. Caldwell, president of the chamber of commerce.

Claude C. Stacks, president of the Hope Lumber Manufacturing Company, formerly Graydon Anthony Lumber Company, stated in an interview Tuesday that he was highly pleased with the opportunity to acquire the Anthony mill.

He also stated that he and his associates had surveyed a number of towns within the past few months in the interest of expanding their lumber manufacturing operations and that Hope came nearer to being exactly what they were seeking than any other place. He was highly pleased with the timber supply in the area, the nearness to markets, the quality of the local labor supply, and the excellent prospects for the future of this area.

He was particularly impressed with the citizens of Hope and stated that his company was looking forward to having a part in the future growth of this section of Arkansas.

The Board of City Directors, at their regular meeting Monday, appointed a Citizens Advisory Committee to review plans for community improvement and to study local housing conditions.

At the same meeting the Board of Directors completed and approved a workable program for community improvement to submit to the Federal Housing Authority. When this workable program has been approved by the federal government, the community will be in a position to request federal aid on urban renewal. At this point in urban renewal development, it is necessary that a Citizens Advisory Committee review all projects suggested for urban renewal and such a committee must function if urban renewal projects are brought into being.

Mayor Frank Douglas made the following appointments, all of which were approved by the Board of Directors:

Bill Wray, chairman; Olin Lewis, Leonard Ellis, Jack Gardner, T. C. Cranford, Don Walker, Mrs. Frank Yarbrough, Mrs. Robert Talferro, Guy Grigg, Bill Tolleson, Ed Baker, Will Rutherford, Geo. "Boots" Smith, Mose Yergler and Neva Carmichael.

From this committee, the mayor appointed a sub-committee to serve as a review board on minority housing problems. Named to this board were:

Bill Tolleson, chairman, Guy Grigg, T. C. Cranford, Will Rutherford, Neva Carmichael.

While none of the members of this committee had been contacted prior to the appointment Mayor Douglas expressed hope that each of them would be willing to serve the community in this capacity.

The weather Bureau said scattered light rain fell in north Arkansas Tuesday but no hail damage was reported.

Heavy rain was general over the northern portion of the state Tuesday and measurements over one inch were reported as far south as Hot Springs.

Measurements for the 24 hour period ending at 6 a. m. included Melbourne 1.72 inches, Newport 1.69, Black Rock 1.50, Fort Smith 1.27, Mammoth Spring 1.23 and Hot Springs 1.16.

Says Union \$1 Billion Operation
By NORMAN WALKER
Associated Press Labor Writer
WASHINGTON (AP)—James R. Hoffa said today the Teamsters Union he heads has become a billion-dollar operation and is doing fine despite a barrage of indictments against him and his fellow officials.
Hoffa, back from his latest bout with the courts, was interviewed on the maze of federal court actions brought against key Teamsters leaders in cities from coast to coast alleging fraud and violence.
"There is no question the government is spending millions of dollars of the taxpayers' money to satisfy Bobby's (Ally. Gen. Robert F. Kennedy's) vendetta," Hoffa said. "It's costing us money for defense against these charges that we could use for collective bargaining and other union purposes."
"And what has the government come up with? Nothing."
Government prosecutors obviously think otherwise. A steady stream of Teamsters indictments began when Kennedy, a former chief counsel of the Senate rack-ets committee which investigated the Teamsters affairs for three years, became attorney general. Hoffa said he knows more than two dozen grand juries are deliv-ering into Teamsters matters.
Hoffa minimized one indictment after another, and expressed confidence he will be freed from the 16-count mail fraud indictment pending against him at Orlando, Fla. This alleges that Hoffa and a Detroit bank official misused \$500,000 of Detroit Teamsters funds in a Florida land develop-ment deal.
"Nobody got defrauded out of a quarter," Hoffa said. "So where in the hell is the problem?"
"Stories about the Orlando case make it look like Hoffa put \$500,000 in his kick. Which ain't bad if you can do it—but I didn't," Hoffa, asked about the net worth of the Teamsters and the union's various pension and welfare funds put the figure at \$1 billion.
Hoffa has about two months respite from the Florida court charges. Arguments have just been made by his lawyers to dis-miss the indictment. They suc-ceeded in obtaining dismissal of an earlier indictment in the same case.
Natural gas was first discovered in Arkansas in 1887, near Fort Smith, but there was no com-mercial production until 1902 when two wells were brought in near Mansfield, Sebastian County.
Western powers over Berlin.
Rusk and Gromyko reportedly exchanged summaries of the U.S. and Soviet policies toward Berlin in their meeting Tuesday night at Gromyko's villa. The two were expected to continue Berlin dis-cussions at least until early next week, when Rusk leaves the 17-nation disarmament conference here and returns to Washington.
Western diplomats reported no solid basis so far for optimism about any East-West agreement or even tacit understanding on the Berlin dispute. But they were cautiously encouraged by the fact that Gromyko, apparently on or-ders from Moscow, had initiated the new Berlin discussions.

Pressure for

tema Yifru of Ethiopia and U Th-tan of Burma joined in Menon's demand for an unpolluted agree-ment to suspend test plans while the big powers negotiate.
The United States so far has been firm in its determination to go ahead with the April series of tests in the atmosphere unless the Soviet Union agrees to a test ban treaty with provision for adequate inspection to prevent cheating.
Menon suggested Tuesday that nuclear test detection stations be set up in nonaligned countries. Prime Minister Nehru explained in New Delhi that such an ar-rangement would make it "more certain" that nuclear weapon tests would be discovered because the stations would be nearer the test areas.
The conference at its plenary session today called on France to reconsider and attend the Geneva disarmament talks. The resolution presented by Menon asked the conference cochairmen, the United States and Russia, to pass along the request to French Presi-dent de Gaulle.
De Gaulle refused to send French delegates to the confer-ence, saying worthwhile disarma-ment negotiations could be car-ried on only by the four powers United States, Britain, France and the Soviet Union. He said it was a waste of time to negotiate with 14 nonnuclear powers chattering up the proceedings.
Outside the conference a three-hour talk between Secretary of State Dean Rusk and Foreign Minister Andrei Gromyko raised faint hopes for an easing of ten-sions between Russia and the

Road Bids Total \$9 Million
LITTLE ROCK (AP)—Bids on some \$9 million worth of road and bridge projects will be opened April 11 by the state Highway Department.
Included in the 15 projects are about seven miles of grading, four bridges, four overpasses and five underpasses on the new Interstate Highway 30 in Hot Spring County. The project extends from north-east of the Ouachita River to a point immediately northeast of where the highway crosses Nine Mile Creek.
Other jobs include:
Woodruff—Surfacing 4.6 miles of state highway 145 between Hilleman and Penrose;
Phillips—Surfacing of 3.7 miles of state highway 44 between West Helena and Elaine;
Jefferson — Surfacing of state highway 270 between Sheridan and Pine Bluff;
Chicago — Surfacing and bridge widening on state highway 35 be-tween McGehee and Lake Village and Dermott and Halley;
Logan—Surfacing of 9.1 miles of state highway 109 between Subi-aco and Seranton;
Independence—Surfacing of 10.1 miles of state highway 87 from Pleasant Plains to the Cleburne County line;
Jackson—Surfacing of 15.2 miles of state highway 37 between Mc Crory and Amagon;
White—Furnishing, hauling and delivering 22,800 cubic yards of crushed stone for state highway 36 between West Point and Georgetown;
Clark—Surfacing of 5.3 miles of state highway 53 between the junction of state highway 51 and Gurdan;
Perry — Surfacing and bridges on 4 mile of state highway 60 between Fourche Junction and Perryville.
Washington — Surfacing, bridge remodeling and one new bridge on state highway 71 between West Fork and Greenland;
Searcy—A bridge and approach-es over Big Creek on state High-way 14.
Carroll—Surfacing of 3.8 miles of state highway 103 between Green Forest and Rule;
Mississippi — Surfacing of 9.8 miles of Interstate Highway 55 between West Memphis and the Missouri state line.

Bids Taken on Improvements
LITTLE ROCK (AP) — H. N. Rodgers and Sons Co. of Mem-phs submitted an apparent low bid of \$600,132.65 Tuesday for con-struction of roads, boat launching ramps and parking areas in seven recreational areas around the Greers Ferry Reservoir in Cle-burne and Van Buren counties.
The government estimate was \$518,248.70. The recreation areas include Chovtaw, Cleburne, Hill Creek, Narrows, Shiloh, Sugar Loaf and Van Buren.
Judge Is Nomed
LITTLE ROCK (AP) — John L. Sullivan, Little Rock traffic judge, has been named to the Committee on Independence of the Judiciary of the National Association of Mu-nicipal Judges.

Teacher's Pay Increase Ranks High
LITTLE ROCK (AP) — A new National Education Association re-port shows Arkansas ranking third among the states in percentage of increase in teachers' salaries dur-ing the past 10 years.
Arkansas boosted salaries 95.1 per cent, the report says, but it still ranks 49th in average annual salary (\$3,614).
The only state with a lower average salary is Mississippi (\$3,560), but Mississippi led all states in pay increases during the past 10 years, with 127.3 per cent.
The report is a comprehensive study of public education in the 50 states.
It shows, for example, that the average Arkansas 25 years of age or older, has slightly less than a ninth grade education. And 15.4 per cent of that age group attend school less than five years.
Only 4.8 per cent of the popula-tion 25 or older has a college edu-cation, the report shows.
The NEA said five per cent of Arkansas' population is illiterate and it remarked that, while this is considered a high rate, the per-centage is even higher in nine states — Texas, North Carolina, Alabama, Arizona, New Mexico, Georgia, Mississippi, South Caro-lina and Louisiana.
The report shows that 57.1 per cent of Arkansas' 1955 eighth graders finally got a high school diploma. The national average is 68.7 per cent.
Arkansas is 45th in expenditure per pupil (\$261). The national average per pupil expenditure is \$414.

Storms Mark Weather Over Nation
By THE ASSOCIATED PRESS
Stormy weather marked the ad-vent of the spring season across broad sections of the Southeast and Midwest.
Tornadoes, strong winds, rain, hail and snow swept areas from the middle Mississippi Valley into the Ohio and Tennessee valleys, the central Gulf Coast and the south Atlantic Coast states.
Five persons were injured, two homes demolished and several others damaged as windstorms during a severe thunderstorm lashed Weaver, in northern Ala-bama near Anniston. A half-dozen houses were damaged at Sylva-cauga, 30 miles southwest of An-niston. The winds toppled trees and power lines.
One person was injured and houses and barns were damaged as tornadoes swept Ponca and Hindsville, in northwest Arkansas. Power and telephone lines were knocked out. Hail stones reported as large as one-half inch in diam-eter pelted Eureka Springs and Green Forest.
Severe weather warnings were posted for north Georgia during the early morning as the storm moved eastward.
Heavy rain hit some Midwest areas. The winter season ended

Hays Urges Foreign Aid Support
JONESBORO, Ark. (AP) — Brooks Hays, special assistant to President Kennedy, urged busi-nessmen and civic leaders to sup-port U.S. foreign policy in a speech Tuesday night to the Jonesboro Rotary Club.
Hays, a former Arkansas con-gressman, said "the world has moved in on us. We're involved in world affairs, and never again will live in isolation."
Hays also urged support of the President's economic policies to-ward the European Common Mar-ket. He pointed out the free world is in economic competition with the Soviet system.
He said the Common Market is molding West Europe into one community of 200 million people, and wiping out trade barriers.
"The President believes that without added powers for tariff re-duction and for the United States to take part, the United States will fall behind in world competition."
On Latin American affairs, Hays said America must "race fast with the forces of revolution in Latin America if we are to pre-serve freedom and protect our own interests."
at 9:30 p.m. Tuesday but there was more snow in the middle Mississippi Valley and in sections of the northern Rockies and cen-tral and southern Plateau regions.
Early morning temperatures ranged from 17 in Grand Forks, N.C., to 73 in Key West, Fla.

Calendar

Thursday, March 22

The Dorcas Sunday School Class of the Garrett Memorial Baptist Church will meet on Thursday, March 22 at 7:30 p.m. in the home of Mrs. Esther McLain.

There will be an important practice of the Friday Choral Club on Thursday, March 22 at 4 p.m. in the home of Mrs. B. C. Hyatt.

The Fulton Rose Garden Club will meet in the home of Mrs. J. E. Morrison on Thursday, March 22 at 7 p.m. Mrs. Charles Rowland will be co-hostess.

Friday, March 23

The Mary - Martha Sunday School Class of the Methodist Church will have a family pot-luck supper Friday, March 23 at 7 p.m. in the classroom. A baby-sitter will be on duty.

The Friday Music Club will meet at 4 p.m. Friday, March 23 in the home of Mrs. George Frazier with Mrs. Haskell Jones, co-hostess.

Tuesday, March 27

Chapter AEO, of PEO will meet at 3 p.m. Tuesday, March 27 in the home of Mrs. C. V. Nunn with Mrs. J. W. Perkins, co-hostess.

Goodner-Gilbert Engagement

Mrs. Bob Rateliff of Hope announces the engagement and approaching marriage of her daughter, June Flowers Gilbert to Donald "Fug" Goodner of Hope, son of Roy Goodner of El Dorado. The wedding will be an event of April 27.

Duplicate Bridge Club Meets

Five tables of players assembled for the Hope Duplicate Bridge Club meeting at the Diamond on Monday, March 19. Players included these from Texarkana: Dr. David Looney, Hugh Martin, Mrs. Russell Looney and Mrs. M. L. Felker Jr.

Mr. Martin and Dr. Looney were high scorers. Mrs. R. L. Broach and Dr. Harold Brents were second, while Luther Hollamon and Dr. George Wright were third.

Daffodil Club Meets

The monthly meeting of the Daffodil Garden Club was held March 15 in the home of Mrs. Harold Brents with Mrs. Dale Dunn, co-hostess. Mrs. A. B. McCann and Mrs. E. A. Pendergraft were club guests for the afternoon.

Mrs. Mitchell LaGrone, president, conducted a business session which included 1) making assignments for the Flower Show, 2) Mrs. Bill Routon's presenting the federation project of selling pottery flower containers, 3) discussion of the state convention March 27-29 and of the Poultry Festival.

"Something for the Birds" was the program which Mrs. Harold Brents and Mrs. Don Westbrook presented. As a club project, there was a Plant Exchange among the members.

For refreshments dessert and coffee were served.

DeAnn 4-H Club Meets

The DeAnn 4-H Club met on Monday, March 5, at 7:30 in the home of David Samuel.

The meeting was called to order by the president, Irma Avery. The devotion was given by Barbara Avery and pledges were led by Billy Samuels and Gerald Roberts. The songs were led by Mrs. Duncan. In the absence of the secretary, Judy Samuels read the roll call and the minutes of the last meeting.

During the business meeting, plans were discussed concerning Achievement Day, Jimmy Carver then gave a report on his trip to Little Rock, for being selected as one of the twelve boys and twelve girls for doing outstanding 4-H Club work.

After the business meeting, (Mrs. Duncan gave a demonstration on making plastic covered rain hats, and Judy Samuels gave one on the proper way to set a table. The club had as their guest, Henry Rowe, of the Washington 4-H Club, who showed some slides taken on his trip to Virginia where he participated in the Tractor Driving contest, and also placed sixth.

After the meeting was adjourned, refreshments were served to eleven members, two leads, and six guests, Mr. Moss Rowe, Henry and David Rowe, and Mrs. Duncan and her two daughters.

Hazel Sorrells Circle Has Meeting

The Hazel Sorrells Missionary Circle of the First Baptist Church met in the home of Mrs. Ned Purdie, on Monday afternoon, March 19th. Eight members were present, who cheerfully welcomed a new member, Mrs. Hillman Koen.

Mrs. Purdie, Circle Chairman.

Husband a Do It Yourself Enthusiast

By JOY STILLEY

NEW YORK (AP)—My husband is a "do it yourself" enthusiast. Whenever I ask him to fix anything around the house he replies with enthusiasm "Do it yourself!"

Since I am about as skilled with tools as I am at eating soup with chopsticks, anything that gets out of whack in our place is likely to remain that way indefinitely.

We once had a pop-up toaster that failed miserably to live up to the first part of its name. The bread would disappear into its inner regions all right, but that would be the last we'd see of it till the smoke started curling out of the slots.

If I stood guard, armed with a toothpick, I could sometimes pry the toast out before it turned black, but it never came back up of its own accord.

My husband finally tired of so much charcoal in his diet, he decided to take the toaster apart to find out why it was so steadfast in its refusal to part with the bread so trustingly consigned to it.

The job took him two hours and three bottles of beer, but it was an outstanding success. Not only did the toaster work better than when it was new, but he had two parts left over when he got the thing put back together again.

These I am saving in the hope that they may prove useful some day, when and if my handyman gets around to repairing our balky movie projector.

He may be slow to start a fix-it project, but once he has one under way he is extremely thorough.

My wall-type can opener, which had been performing only reluctantly for some time, recently gave up altogether. This situation resulted in a number of home-cooked meals which I thought would spur my provider to provide me with a brand-new electric opener.

I wasn't about to get one without a struggle, however. The struggle was all on the part of my husband—who spent his evenings for nearly a week trying to coax that old can opener to go back to work again.

He tightened every screw in it, he poked and pushed and sharpened and cleaned it and finally in desperation took it out to the sidewalk and pounded it with a hammer. The opener punctured the can all right, but no amount of sweet talk would make it cut out the lids.

"Perhaps it needs oiling," I suggested timidly. He scoffed but humored me by squirting some in strategic places.

Well, it operates like a dream now, and that new electric can opener is still a dream too.

Municipal governments of Arkansas own about 2,000 acres of forest lands.

opened the meeting with business, calling on Committee chairman for monthly reports, Mrs. A. B. Martin, Community Missions Chairman presented the circle's community missions project for the coming month which will be to visit the recently bereaved members of the church.

Mrs. A. B. McCain, prayer chairman, presented the call to prayer for missionaries having birthdays March 19. Mrs. R. E. Chism, program chairman, led the program in skit form entitled "How to Witness to Roman Catholics." Those participating were Mrs. Robert Bland, Mrs. James Connelly and Mrs. Martin. Program discussion followed as Mrs. Ned Purdie served delicious strawberry shortcake, coffee and cold drinks.

Mrs. Martin will serve refreshments in the coming weeks to the Girls Auxiliary meeting on Mondays. The April Missionary Circle will meet in the home of Mrs. Fred Gray.

MISS ARKANSAS LENDS A HELPING HAND

A thrilling ride is in store for young Randy Gross, student in the pre-school kindergarten at the Easter Seal Rehabilitation Center in Little Rock. His pilot is Frances Jane Anderson, the reigning Miss Arkansas. Miss Anderson will serve as state chairman for the Lily Sale of the 1962 Easter Seal campaign, which benefits crippled children and adults.

Could This Mother Be Afraid to Love?

By HELEN WORDEN ERSKINE

Dear Helen: Love is one thing you can't discuss in our home. If a boy and girl happen to be kissing or making love on TV my mother will either angrily switch stations or turn the program off. She and my father are constantly bickering. He's never done finding fault with everyone and everything. Same with her. They never show the least bit of affection for each other or me. If there's one thing my family lacks completely, it's love.

I have a sister in a convent. I think she became a nun, hoping to find the love she missed at home. At first this seemed a way out to me, now I wonder. I shall be 13 this month and feel the urge to grow up, marry, have children and love and be loved by my husband. When I speak of this to my mother she walks away in silence. If I ever talked of boy friends to her or Daddy I'd never hear the last of it. Why? —LOVELESS

Dear Loveless: Some people, especially women, have a Victorian attitude toward a perfectly natural love between a man and woman. Occasionally this amounts to a fanaticism. Ask your priest to talk to your mother. One of the happy results, I am sure, will be a better relationship between her and your father.

I am also sure your priest will agree that you should follow your instincts about love and marriage, just as your sister followed hers in joining a convent. Stick to those dreams and one day they will all come true!

Dear Helen: When I was a young gal I had a child out of wedlock. I worked to support my baby and myself until I was fortunate to marry an educated and understanding man who accepted me and my little boy as his own. In fact, he has adopted him.

My problem is not them but me. I feel that every day of my life I live a lie in not telling my son the circumstances of his birth. He loves my husband as his own father. Suppose he finds out he isn't? My husband objects to my telling him the truth; says it will needlessly hurt the boy. Maybe

Jonesboro Raises Cash for Melton

JONESBORO, Ark. (AP)—Between 400 and 500 Craighead County residents have contributed \$25,000 to a campaign fund in case Marvin Melton decides to run for governor.

Minor M. Markle, a Jonesboro abstractor, said about 10 persons raised the money in a week to "stop whippers that Marvin wouldn't get any support in his home county if he ran for governor."

Melton is chairman of the board of the state Chamber of Commerce. He is a former state senator.

"We want Marvin to run for governor and to announce as quick as he can," Markle said today. "We think he can win a race for governor regardless of who is in it."

In Little Rock, Melton said he is seriously considering entering the race and that he is not waiting for Gov. Orval E. Faubus to make up his mind. Faubus has said he will announce his plans about April 1.

He said he had been given the campaign contribution, and had deposited it in three Jonesboro banks.

Markle said the contributions ran from \$10 to \$1,000. "Some Faubus friends gave some money, too," he said, but he added that "This is not a anti-Faubus move."

Most of the contributions, Markle said, came from businessmen, farmers, bookkeepers, insurance people, stock men, auto dealers

think it is okay.

While not wishing to hurt my brother's feelings, we think the wedding should be stopped. Aside from the mixing of blood, we believe such a marriage would be detrimental to his work. As things stand now, whether or not it takes place, there will be hard feelings. I no longer know what is best to do. Help me clarify my thinking. —Upset

Dear Upset: You are not your brother's keeper! Lead your own life and let him lead his. He'll do it anyway and forget he's a Christian, if you try to interfere.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful letters available. Write for "Be Tactful."

Prisoners to Be Tried by Castro

HAVANA (AP)—Prisoners taken by Prime Minister Fidel Castro's forces in the unsuccessful Bay of Pigs invasion last April 17 will go on trial beginning March 29.

A brief announcement today from the Judicial Department of the Armed Forces Ministry gave no indication of the charges filed against the prisoners. Nor did it say whether all will be tried or only some, whether they will be judged individually or in a group. There was no word as to what penalties would be asked.

and some bankers.

Only two candidates have announced that they will be in the race—Rep. Dale Alford, D-Ark., and Kenneth Coffelt, a Little Rock attorney. Wallace Melton, a Camden printer, has indicated that he will run, and a number of other men are reportedly considering seeking the office.

"I'm giving this thing every consideration possible," Melton said, "and trust I'll come up with the right decision."

As far as is known most or all of the prisoners, 1,000 or more, are held in Castillo del Principe (Castle of the Prince), the old fortress-like prison in midtown Havana.

The decision to put them on trial seemed to put an abrupt end to revived efforts, reported recently, to reach some kind of agreement on a tractors-for-prisoners deal.

Castro offered to trade the prisoners for tractors last May. Cuban exiles in the United States recently stepped up their campaign to raise funds to buy the tractors.

The tractor negotiations reached their height last July when Castro permitted 10 prisoners to journey to the United States to try to arrange for the farm equipment.

Two of the negotiators stayed in the United States but the other eight returned to prison.

An American committee was set up to raise the money for the 500 tractors demanded by Castro, but its members, including Eleanor Roosevelt, were unable to negotiate successfully with Castro.

Dukes Take Aim at Another Tourney Upset

By JIM HACKLMAN
Associated Press Sports Writer

NEW YORK (AP) — With one major upset to its credit in a bid for the championship of the 25th National Invitation Basketball Tournament, Duquesne takes aim next at another powerhouse favorite — St. John's of New York.

The Dukes knocked off nationally fifth-ranked Bradley 64-55 Tuesday night and St. John's Redmen whipped Holy Cross 70-74, setting up a clash in Thursday night's semifinals. Loyola of Chicago and Dayton meet in the other game, with the two winners heading into the title match Saturday afternoon.

Superlative second-half performances by Willie Somerset and Leroy Ellis sparked Duquesne and St. John's in the quarter-final Somerset, a 5-foot-10 driver and St. John's in the quarter-final victories.

Somerset, a 5-foot-10 driver with the physique of a fullback and the quickness of a cat, spearheaded Duquesne into a 14-point lead within six minutes after the intermission, then time and again made the key stopper against Bradley's repeated threats. The hefty little sophomore totaled 28 points, 20 in the second half, pulled down eight rebounds, and was a defensive terror.

All-America Clint Walker was Bradley's leader as the Missouri Valley conference co-champions made a rousing finish of it. The 6-foot-5 Walker scored 22 of the Braves' last 29 points, giving him 36 for his final collegiate appearance. He personally outscored Duquesne 14-4 in a drive that pulled Bradley to within three points with 1:04 to go.

Duquesne's unerring eye at the foul line made a vital difference. The Dukes hit a remarkable 20-for-20 in the second half.

St. John's also experienced a scare against Holy Cross, but time

Why 'Good-Time' Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restlessness, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Large, economy size saves money. Get Doan's Pills today!

FINE POINT TEAMWORK—Three experts discuss the fine points of pitching at the San Francisco Giants' spring training camp in Casa Grande, Ariz. Left to right, they are Bob Feller, Harry Grayson and Gerry Thomas. Thomas was the first pitcher in 30 years to win 20 games in the Eastern League, but he's learning something here.

Mick Thinks Killebrew Has Chance

ORLANDO, Fla. (AP)—Mickey Mantle recently picked Harmon Killebrew as the man most likely to break Roger Maris' record of 61 home runs. Killebrew today returned the compliment by singling out Mickey as the man to do the job.

"Mantle has the best chance to hit 62 or more because he is a switch hitter," said the Minnesota Twins' strong man, who hit 46 himself last year. "But Mickey does have a tough park to bat in when he is swinging right-handed. He does have tremendous power and could do the job if they pitched to him."

"I know I'd never hit 46 or close to it if I was playing in Yankee Stadium. It is not a good park for a right-handed hitter, not unless he is a tremendous pull hitter."

"The switch of our club from Washington to Minnesota was a great thing for me. I liked it in Washington and everybody was nice to me but the ball park in Minnesota is just right for me. Now I can hit a lot out in center or right center by hitting straight away where the ball is pitched."

Killebrew, 25, doesn't know whether he will be playing first base, left field or third base this year. He has played all three positions at various times.

"Let's put it this way," he said when asked his preference. "I like first base best but I have played more third base. I am willing to try the outfield if it will help."

was on the Redmen's side. With Ellis netting 21 of the 35 points, the New Yorkers zipped ahead of the Crusaders 74-53 in the first 15 minutes of the second half. Jack (The Shot) Foley and company put on an amazing run in the closing five minutes, with spurts of 11-0 and 6-0, before the clock ran out.

Ellis topped St. John's with 29 points and was the game's big rebounder. Foley, well handled by Willie Hall until the issue was decided, fired in 35-25 in the second half. The slim, fast-shooting senior wound up his campaign with a 33.3 point average, second in the nation to Utah's Billy McGill.

Hope Star SPORTS

Mother of Liston Prays He Will Win

FORREST CITY, Ark. (AP) — Sonny Liston's mother prays every day that her boy will win the heavyweight boxing championship.

Liston will meet titleholder Floyd Patterson sometime, some where, this summer. The date and site haven't been set.

Mrs. Helen Liston lives with an other son, E. B. Ward, in a modern home in this east Arkansas city. She moved here recently from Gary, Ind., where she stayed with another son.

She has seen Sonny fight five times, and all were easy victories. She notes that he will get about \$700,000 out of the Patterson fight, and compares this to a dollar a day chicken plucking job he held 17 years ago in St. Louis.

Sonny was born on a plantation about 17 miles north of Forrest City, and he lived there until he was 13. Then Mr. and Mrs. Liston were separated and Sonny's mother went to St. Louis and got a job in a shoe factory, where she worked for 50 cents an hour.

She sent for her 10 children, one at a time. When it was Sonny's turn to go, she said, he picked pecans for days to get bus fare.

While he worked as a chicken plucker, he attended a boxing school in a neighborhood gym, and there his career was launched.

Mrs. Liston said she believes her daily prayers will help Sonny dethrone Patterson. "If God is for you," she said, "the devil can do you no harm."

N. L. R. Against Sunday Closing

NORTH LITTLE ROCK, Ark. (AP) — North Little Rock voters turned down a proposed Sunday closing law and approved a dog leash law in a special election held Tuesday. Final official results of the election showed the blue law defeated 3,597 to 2,193, and the leash law approved 3,787 to 1,984.

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

	Minor	Major	Minor	Major

Sun.	8:25 2:15		8:50 2:35	

Wants Public to Invest in Satellites

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy told Congress today the administration is convinced the general public should be allowed to invest in a global communications satellite system.

"We believe that the general public, which has made this program possible through its tax payments, should be given an opportunity to invest and that that investment will protect the public interest," Kennedy said.

Kennedy in prepared testimony, told the House Commerce Committee he believes it is essential to the public interest that it be allowed to take part "and that we do not turn this corporation over to a select few companies."

The bill before the committee would set up a corporation to develop and operate the satellite system.

"The administration places great importance on competition because the communications industry is particularly susceptible to domination by one company—AT&T—and this possibility could extend to this proposed corporation," Kennedy said.

"I am not impugning the motives of AT&T," he added, "but pointing to an objective fact."

Kennedy said he recognized the special role of the communications industry and said their participation is wanted.

"But," he said, "I do not believe that there is any justification for turning over this whole program, so heavily subsidized by the government, to the existing communications industry unless there are compelling reasons for doing so."

"I know of no such reasons," Kennedy said, "will help us to avoid domination by a single carrier. It will help to insure competition in all its ramifications. It will help insure speed."

"Such a corporation would be interested in developing the widest possible usage of the system as soon as possible. It will help to insure adequate private financing if we do not close the door to noncarrier investment."

Legal Noises Over Princess

HOLLYWOOD (AP) — Hollywood press agents are beating the drums over the return of Grace Kelly. The din may be augmented by some legal noises.

When Alfred Hitchcock announced that Princess Grace would make a movie for him in August—her first since she married Prince Rainier of Monaco in 1956—MGM Studio found itself with a position to study.

"It is our position," said MGM, "that we still have a contract with Miss Kelly and we are studying this position now."

Miss Kelly walked out on an MGM contract when she married. The contract would have expired by 1960, but MGM put its royal runaway on suspension. MGM thinks the suspensions may have extended her obligations to the studio through this year.

State Take From Racing \$713,879

LITTLE ROCK (AP) — Arkansas has netted \$713,879 in taxes during the first 25 days of the current racing season at Oaklawn Park in Hot Springs.

Revenue Commissioner Ted Donham, who released the figures Tuesday, said taxes during the same period last year amounted to \$662,753.

Donham said 222,946 persons had bet \$12,793,978 during the 25-day period this year. Last year, he said, 220,483 had bet \$11,923,813 by this time.

The racing season was extended last year by the state legislature. It ends April 7.

Ford Backs U. S. Aid to Education

WASHINGTON (AP)—Arkansas Education Commissioner Arch W. Ford is expected to appear here today before a subcommittee headed by U.S. Rep. Cleveland Bailey, W.Va., who has introduced an education bill under which Arkansas would get about \$6,500,000 a year. Ford, president-elect of the Council of Chief State School Officers, will be one of several state school administrators who will discuss their states' educational needs before the House education subcommittee.

1.4 Million Bales

WASHINGTON (AP)—The Census Bureau reported Tuesday that Arkansas gained 1,459,181 running bales of cotton for the 1961 crop, compared to 1,346,171 bales in 1960. Nationally, 14,315,328 running bales were ginned from the 1961 crop, compared to 14,265,038 for 1960.

Yankees Suffer First Loss of Season

By BOB GREEN
Associated Press Sports Writer

A medical report showing "a low-grade malignancy" has delayed Toothpick Sam Jones' comeback try and clouded the Detroit Tigers' pitching picture.

Jones, 31, whose trademarks are a whiplash pitching delivery and an inevitable toothpick, will be lost to the club for an indefinite period while undergoing special treatment.

The right-hander, one of the National League's leading pitchers until he slipped to 8-8 and was bothered by some arm trouble with San Francisco last year, was aiming at a comeback this season.

Tiger Manager Bob Scheffing said he had hoped to use Jones as a principal backup man to his Big Three: Frank Lary, Jim Bunning and Don Mossi.

He will not resume pitching until he completes a series of eight X-ray treatments recommended by doctors in Detroit's Ford Hospital.

Jones underwent minor surgery three weeks ago for removal of two lymph nodes on the back of his neck. At that time doctors said there was no malignancy.

A sample of the removed tissue was sent to Detroit where doctors made additional tests and said Jones has "a low-grade malignancy."

While Jones' comeback bid was sidetracked, a couple of others appeared to be in full blossom Tuesday. Early Wynn and Herb Score, each attempting a comeback with Chicago, looked sharp in the White Sox 2-1, 11th inning victory over the Los Angeles Dodgers.

Wynn, the burly veteran who will be shooting for his 300th victory this season, worked the first three innings and allowed two hits. It was the first time he had been in an organized game since forced to the sidelines by arm trouble last July.

Score, who had only a 1-2 record last season, became the first White Sox pitcher to go five innings and was nipped for only an unearned run in the eighth.

A two-out, bases-loaded single by Nellie Fox won it in the 12th. The New York Yankees' first loss of the exhibition season and a sensational performance by San Francisco's Willie Mays were the other major developments.

The Yankees, who had won nine straight, lost to St. Louis 3-2 in 14 innings. A wild throw to first by second baseman Pedro Gonzalez, attempting to complete a routine double play that would have ended the inning, let in the winning run. Two of New York's five errors let in the other two runs.

Mays cracked two triples and a single and drove in six runs in the Giants' 14-3 rout of Los Angeles. Orlando Cepeda contributed his first homer of the spring.

In other games, the National League champion Cincinnati Reds outlasted Philadelphia 14-13. Detroit stopped Baltimore 5-4. Kansas City jolted Warren Spahn and Milwaukee 7-1. Boston beat Cleveland 7-5, and bonus rookie Bernie Allen drove in two runs in Minnesota's 4-3 triumph over the New York Mets. The Houston-Chicago Cubs game at Tucson was rained out.

Why is the ocean salty?
The salts in the ocean are one result of over 2,000,000,000 years of disintegration of the igneous rocks of the earth's crust. The soluble materials remain in the ocean; the insoluble precipitates have formed sedimentary rocks and ocean floor.

Miller Heads Drive for New Agency

LITTLE ROCK (AP)—State Police captain Bill Miller will open his campaign for a central driver's license issuing agency with a speech Wednesday to the Fayetteville Exchange Club.

Miller, head of the State Police Driver License Examining Division, said today he plans to make several speeches over the state to get support for the plan which was announced Saturday.

State Police are backing a proposal to have driver's licenses issued by one agency which would keep a continuing record on traffic violations, license revocations and other matters pertaining to driver's licenses.

Miller said Arkansas is one of few states which do not have a central license agency. Arkansas licenses are issued by the Revenue Department at about 80 locations over the state. State Police

would continue to examine prospective drivers as they do now.

Under Miller's plan, the Revenue Department offices still would accept applications for licenses and collect the \$2 annual fee. The application would be forwarded then to the central agency which would check the driver's record for violations and possible revocation before mailing him his license within 30 days.

A central agency would be of advantage to judges over the state, Miller said, because they could call it for information about any driver who might wind up in court.

Under the present system, Miller said, a person whose license is revoked in one town could get a new license in another town with very little possibility of being caught.

Another problem which would be partially eliminated, he said, would be that of the person who obtains a driver's license and immediately begins writing bad checks using the license for identification. The delay between the filing of the application and issuance of the license would largely

Indonesia, Dutch Fight Discussed

By SPENCER DAVIS
WASHINGTON (AP)—Five men meet near the capital late today in almost wartime secrecy in an effort to head off a Dutch-Indonesian battle over the Netherlands' West New Guinea.

The secret talks — between two Dutch, two Indonesians and an American — were arranged by the United States for an undisclosed site 20 to 30 miles from Washington.

Neither the State Department nor the Dutch nor Indonesian embassies would say a word about the private talks except to acknowledge they would begin late today and continue for several days.

The principals gathering around the conference table include Ambassador Carl Schurman, Dutch permanent representative to the United Nations; J. H. Van Roijen, veteran Netherlands diplomat who took part in the round-table conferences on Indonesian independence and who has served as ambassador to the United States for the past dozen years.

Arriving in New York secretly and moving on to Washington were the two Indonesian envoys — Ad Zalik, ambassador to Moscow, and Soedgarwo Tjondronegoro, former ambassador to the United Nations and to Austria, now chief of the Foreign Ministry's European section.

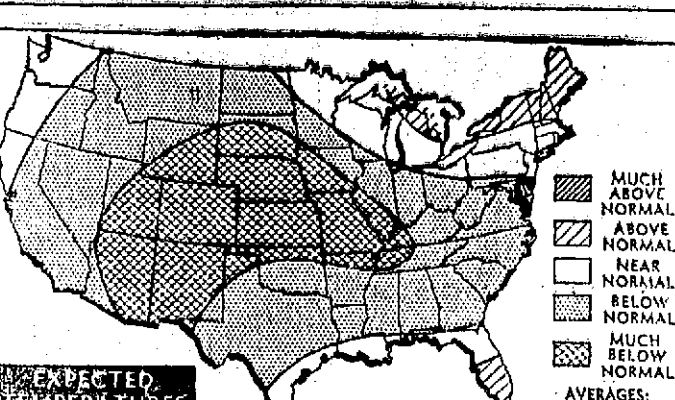

The fifth man is American Ellis worth Bunker, retired business executive and former U.S. ambassador to India, Italy and Brazil.

Over the next few days these five will attempt to find a formula which will permit Indonesia and the Netherlands to meet in a formal negotiating conference to discuss the future of New Guinea.

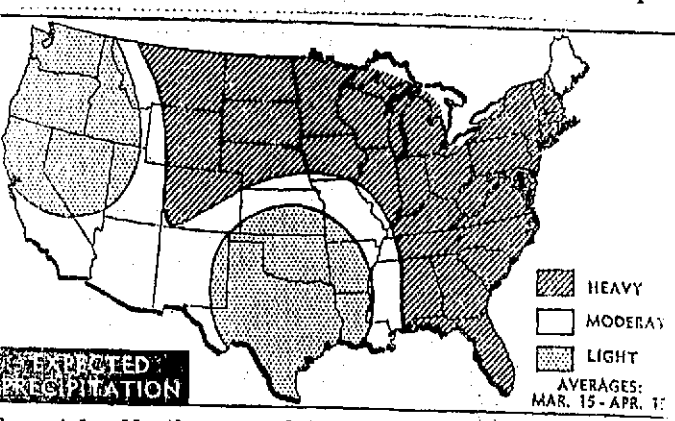

Indonesia's President Sukarno eliminate this practice, he said.

Miller said the State Police program has not yet reached the point where anyone is drawing up a bill for consideration by the 1963 legislature.

"We want to see first if this plan has the backing of the people," he said.

Below normal temperatures are expected to prevail over the greater part of the nation through March and into April.

Except for Northwest and Southwest, normal to above normal precipitation is outlook as the year heads into spring.

Mrs. Ditmars Claims Self Defense

TEXARKANA, Ark. (AP)—A 29-year-old Texarkana woman testified Tuesday that she shot her husband because he had beaten her and she was afraid he was going to kill her.

Mrs. Juanita Ditmars, charged with first degree murder in the fatal shooting of State Trooper

Jack Dilmars, said beatings administered by her husband had sent her to the hospital twice in 18 months.

State witnesses were expected to testify in Miller Circuit Court here today.

Tuesday, State Police Sgt. Milton Mosier testified that Mrs. Ditmars told him the morning after her 31-year-old husband was shot to death that she had been having an affair with another man.

Mosier said Mrs. Ditmars told him she had admitted the affair to her husband, but that she had refused to name the other man.

Texarkana Police Chief Max Tackett testified he had recommended that Dilmars be transferred after he had heard reports of

Cuba Rationing Backed by Law

KEY WEST, Fla. (AP)—The Castro regime has put teeth in its new rationing laws by decreeing five years imprisonment for any unauthorized person caught butchering cattle.

The action was taken Tuesday night by the Cuban Council of Ministers, Havana Radio announced. Those who sell or transport the illegal meat will get three years, the broadcast said. Those who buy it will serve one year.

Dilmars' family troubles. Mosier said that he and Dilmars had discussed the problem before the slaying.

Aid Bills Are Piling Up in Congress

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Aid bills are piling up in Congress. There is the foreign aid bill. But there are new domestic aid bills, too, such as federal aid to education. And there are bills to renew or extend various federal grants already paid to state and local governments, all the way from school lunches to highway construction, from aid to distressed areas to rehabilitation of depressed ones.

These including highway trust funds, totalled close to \$7 billion last year.

And the question always near the front in congressional debates is which states pay out in federal taxes more than they get back, in aid.

Who gets the aid can be pinpointed fairly well, especially if it takes the form of a building or a stated sum. It's harder to be sure just how much taxes the individuals and business firms of a given state have contributed to the general kitty from which the government makes these payments.

The Tax Foundation has tried. Its conclusion is that about \$4 out of every \$5 the federal government turned over to the states and communities in aid in fiscal 1961 went back to the same state where it came from in taxes.

But some \$1.4 billion apparently went from high taxpaying states to low volume ones. And that's where a lot of congressional friction builds up, even if usually kept below the surface.

The foundation, a nonprofit research organization, says that at least 14 states raised more in tax support for the various programs than they got back in federal aid.

One state, Virginia, seems to have about broken even. And 35 others appear to have got more from Uncle Sam (or from the citizens of the 14) than it cost them.

The foundation arrives at the burden of aid payments by estimating distribution of the burden of general taxes. In the case of highway aid, the basis is the Bureau of Public Roads' estimate of the state distribution of taxes going into the highway trust fund.

The foundation says New Jersey paid \$2.107 for each federal aid dollar it received in the fiscal year ending last June 30. Delaware paid \$2.01. Other states paying out more than they got back were, in order, New York, Connecticut, Pennsylvania, Wisconsin, Maryland, Ohio, Michigan, Indiana, Massachusetts, Illinois, California and Florida.

The state paying out the lowest amount for each dollar of federal aid is Alaska with 17 cents, according to the foundation. Next lowest is Mississippi with 41 cents, followed by South Dakota with 42 cents.

Others paying less than 50 cents on the \$1 of federal aid are: Arkansas, Louisiana, North Dakota, Oklahoma, Vermont and Wyoming.

has warned that if these preliminary secret talks fail, he sees no alternative but to drive the Dutch out of West New Guinea, which he claims is historically a part of Indonesia.

The Dutch have agreed to talk in the presence of a third party, Bunker, but have refused to accept any preconditions, such as Indonesia's demand the negotiators discuss only giving the Dutch territory to Indonesia.

The Netherlands government issued a communique Monday saying it was alarmed by continuing Indonesian threats to use violence and indicated it is considering measures for protection of New Guinea residents.

President Kennedy has strongly urged both sides to avoid hostilities and settle their dispute by peaceful means.

Woman Free in Slaying of Husband

HARRISON, Ark. (AP)—A Boone County Circuit Court jury deliberated an hour and five minutes Tuesday before acquitting Mrs. Helen Gene Hickenbottom of first degree murder.

The 39-year-old housewife was accused of the Christmas night, 1961, death of her husband, Kenneth, 44, who was shot fatally at the couple's home northeast of here.

Mrs. Hickenbottom, who contended her husband was shot while she was grappling with an intruder, spent two hours on the witness stand.

She told the all-male jury she and her husband were in the bedroom of their home when the intruder burst in and began cursing her husband.

She said she reached under a pillow for a .38 caliber pistol, which discharged when the intruder grabbed her and pushed her over a table.

Mrs. Hickenbottom said she had nothing to gain by her husband's death and had "lost everything."

Several witnesses, including the couple's 19-year-old son, Kenney Joe Hickenbottom, testified there seemed to be no marital discord between Mr. and Mrs. Hickenbottom, and that their relationship on the whole seemed to be one of harmony and love.

State witnesses called Tuesday included Capt. Paul McDonald, commanding officer of the Criminal Division of the Arkansas State Police. McDonald said laboratory tests conducted on Hickenbottom's clothing indicated the weapon was fired at a distance of two or three inches from the victim.

Paraffin tests conducted on the night of the shooting showed gunpowder on Mrs. Hickenbottom's right hand. D. M. Matthews, who conducted the test, said no powder was found on the hands of Hickenbottom's brother, Bill Hickenbottom, whom the defendant at one time identified as the intruder.

Matthews is an assistant professor at the University of Arkansas. His testimony was introduced in

Carl E. Morphis, Overweight. Dismissed on motion of state.

Important Bills May Get Lost

By JAMES MARLOW

Associated Press News Analyst WASHINGTON (AP) - Bill watching, a great sport in Washington, must be as exciting for people elsewhere as trying to follow a glaze in a sandstorm.

Two of the most important bills before Congress—the ones President Kennedy is expected to fight hardest for—may get lost to view in a fog of details, dickering, bickering and tinkering.

The House Ways and Means Committee, a conservative group, has both bills in its hands. The medical care measure is bogged down. The committee's hearings on trade started last week.

It might seem the administration should have no trouble with this committee, where Democrats outnumber Republicans 15 to 10. Just the opposite is true.

While the Republicans oppose the bill, so do some Democrats.

The American Medical Association has been working overtime against Kennedy's medical care plan, tied to Social Security. But the bill's main stumbling block in the committee is its No. 1 man. This is the chairman, Rep. Wilbur D. Mills, Arkansas Democrat.

From a political standpoint—remembering how the Democrats outnumber the Republicans—there was something wistful about the Democratic House boss, Speaker John W. McCormack, when he said the Kennedy administration needs the votes of 2 of the 10 Republicans to get the bill approved in Mills' committee and send it on its way.

Its way lies on a direct line to the most conservative group in Congress, the House Rules Committee, which is a kind of traffic director for deciding what bills get to the House floor for a full vote.

The administration seems to have no doubt that, once on the floor, a House majority would vote for it and send it on its way to the Senate. If it ever gets that far, there ought to be a Senate rumble, too.

By parliamentary maneuvering, the Kennedy administration could, through its forces in the House, try to yank the medical bill out of the hands of committees and up to the floor for a vote.

Why doesn't it? The answer seems to be a fear that House members, who otherwise would vote for the bill, might turn against it out of anger at seeing their almost sacred committee procedure by-passed.

Meanwhile, the White House is coordinating a massive effort of outside organizations who want the medical bill passed. This is an effort to pressure Congress from the outside.

Just how far Kennedy is willing to go in fighting for this plan remains to be seen. Interested government officials are already saying they'll try again in 1963.

But there seems no reason for skepticism on how hard Kennedy will try to get his trade program through. This is his No. 1 project for 1962.

In brief, this bill would give the President new powers to cut or

BANKING ON DEATH

THE STORY: Location of an heir of the Schneider trust fund is urgent and Thatcher, vice president of the Sloan bank, asks young Kenneth Nicolls about the task.

Chapter 3

"Before you tell me about this meeting, let me ask you another question. What have we done about instituting a search for this Robert Schneider? I don't like to think that we are going to let the heir to such a substantial amount just disappear."

Nicolls drummed idly on the desk, while he considered the possibility of interrupting this conference to call Joyce and warn her that he was going to be very late.

"It's extremely complicated. I gather that Robert Schneider's father, Carl, fought bitterly with his brother Arthur; in fact, they had to part company, and Arthur Schneider bought his brother out. Shortly after that, Carl killed himself. That means, you see, that since he was a boy, Robert Schneider has had nothing to do with this branch of the family. It seems reasonable to believe them when they say they don't know what's become of him."

"Have we instituted any sort of inquiries?"

Nicolls looked slightly ashamed. "Only the most routine sort of search," he said. "Robert was expelled from Dartmouth in 1939 and hasn't kept up with alumni activities."

Thatcher nodded. "Did they expel him during his senior year? It must have been something serious."

"Martin didn't know the exact reason. Robert had left Framingham by that time, and was living with his aunt in Fitchburg. He has a reputation for being a wild kid."

"Do we lose sight of him at this point?"

"Not completely," Nicolls replied. "He enlisted in the army, and was stationed at several points in the United States before being sent to England and North Africa. He never applied for a veteran's bonus. 'But,' Nicolls added with feeling 'a lot of other Robert Schneiders did, and it's taken quite a lot of time to check them all out.'"

Thatcher thought aloud for a moment. "And he didn't go back to Fitchburg."

"His aunt had died while he was in the service and she was his only real tie there."

"Would he have any money?"

"Whatever he saved in the service," said Nicolls who had found no difficulty in spending every cent of his army pay. "His father lost his shirt in the depression experimenting on new methods and machinery before he ultimately committed suicide. The aunt left Robert about \$10,000 worth of securities. While he was in the army he arranged to have them held for him at the Irving Trust Company. When he was discharged in New York, he picked up the stocks and bonds."

Thatcher interrupted. "But if he's still holding them, you might be able to get him through a stockholder list."

"No, sir, I've tried that. They were mostly railroad preferreds and New England textile firms.

wipe out tariffs so he could bargain better with other countries, particularly the new European Common Market set up by America's allies.

The opponents have just started talking at the hearings which were started last week by Mills' committee. Their broad complaint is against letting the President open the door to foreign products which would hurt their business.

In the first five days of the hearings, Kennedy sent five of his Cabinet officers before the committee to pitch for the bill. Before the hearings end the fog will be terrific.

Hope Hears Rockefeller's Case for the 2-Party System

74 at Dinner, 265 Hear His GOP Address

Winthrop Rockefeller's removal to Arkansas in 1953 was the state's greatest single financial gain, and Tuesday night he displayed political acumen and force when he met the people of Hope in his state-wide effort to set up a two-party system.

Mr. Rockefeller's home and cattle farm, Winrock, on top of Petit Jean mountain, draws more than 80,000 visitors a year, and he had the same magnetic touch when he appeared here. A dinner for Republican campaign workers and friends at 6:30 at Diamond Cafe brought out 74 persons, and his formal speech and question-and-answer program at 7:30 filled the Junior High School auditorium with 265.

At the dinner Mr. Rockefeller parried the question, "Do you expect to run for governor?" with a grin and a retort, "That's something Governor Paulus would like to know, too."

Rockefeller's Speech
Plugging for a grassroots Republican movement that would establish a two-party system in Arkansas the speaker, who is Republican National Committeeman for the state, said this:

"In Arkansas you have the Democratic party system and until recently, perhaps 'Republican' was almost a dirty word. I, on the other hand, am the product of several generations of Republicans who sometimes weren't sure how to pronounce the word 'Democrat'."

"Party tradition sometimes hurls people into thinking what was good enough for their grandfather is good enough for them. But these are times when you have to question old concepts and attitudes."

"Not long ago I was in Palm Springs, Calif., and visited Dwight Eisenhower — and I might as well tell you that the old soldier prefers to be called 'General' — what else, after a lifetime in the military except for eight years in the White House?"

"I found Eisenhower keener than ever for the Republican party, and fascinated by the Bliss Report. The Bliss Report made two findings that are vital to party policy:

"1. It pointed out that for years Republicans accepted the fact that 213 seats in the House are held by the South.

"2. There is a decided population trend away from the farm and to the city.

"And so the Bliss Report recommended to our party:

"1. Don't take the South for granted.

"2. Watch the voting record of the urban communities.

"But if the Republicans said yesterday, 'There's no hope for the South,' then it is true today that it is the Democrats who are taking the South for granted.

"So here in the South — as long as this condition exists — we are left without a choice of candidates or policies — and choice is a deep-seated American desire.

"Without two to choose from you have no debate, and frequently bad government. The Arkansas legislature in session after session approves bills without debate, on a roll call of 99 to 1.

"We need honest debate in Arkansas. Without honest debate there is no democracy.

"We need honest elections. I am glad to report it now looks as if we will get a chance to vote for installation of voting machines.

"In one-party Arkansas Governor Faubus boasts of his bi-partisan commissions — when as a matter of fact I am the 'bi-partisan' part."

Threat at Texarkana

"Faubus in the last legislative session called southwest Arkansas senators and representatives 'obstructionists' and threatened punitive action against them and the Texarkana area. I told him, 'Governor, I look forward to the time when we will have a two-party system in Arkansas — and people can no longer be threatened for speaking their thoughts.'

"Debate and the two-party system permit the people to participate in government. For instance, what is your pleasure in the matter of the office of governor? Should it be limited to two-year terms, one 4-year term, or two 4-year terms? Debate would develop this issue and give the people a chance to be heard."

Following Rockefeller's speech there was a question-and-answer session. He was asked whether the Republicans would put up candidates for governor and for Senator Fulbright's seat.

"For governor, yes," replied Rockefeller. "As for the senate seat, no good candidate has thus far appeared. The most important thing is to build up a grassroots Republican organization; that is the foundation if we are to have a two-party system in Arkansas."

Fulbright Issue

"But," asked another questioner, "if we let Fulbright go along with his centralized government and welfare state theories might show his strength has slipped it not develop that we have waited about 10 years for each campaign."

Dinner crowd of Republican workers and friends in Diamond Cafe banquet room hear Winthrop Rockefeller an hour before public meeting. Man with Republican National Committeeman is Everett Hamm, executive assistant, Little Rock.

— Pictures and story, Alex. H. Washburn
Man with Republican National Committeeman is

Junior High School auditorium just before public program began. When Mr. Rockefeller, right, started his address the room was filled with 265.

Platform picture shows, left to right: T. O. Porter, Republican vice-chairman for Hempstead county; Mrs. E. G. Ogran, chairman County Federation of Republican Women; Miss Marian Smith, Chairman of the Arkansas Federation of Republican Women; Mrs. W. L. Jamison of Magnolia, Republican National Committeewoman for Arkansas; Mr. Rockefeller; and Haskell Jones, chairman of the Hempstead County Republican Committee. AT RIGHT: Miss Smith, left, presents local charter to Mrs. Ogran.

Hollywood Years Fine Program

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—It would be nice if all of television's well-timed documentaries could be as bright and entertaining as Monday night's NBC excursion down the corridor of Hollywood years.

The program was called "Arthur Freed's Hollywood Melody," and it purported to be a history of "movie musicals." It really was a fun, good-natured spoof of those big pretentious musical movies of the 1930s with a talented group of today's performers handling the comedy, dance and song.

Donald O'Connor and Nanette Fabray deftly took care of the clowning, and they had a little gem of a satire on the old walling mythical kingdom movies. Miss Fabray also had an imaginative number in which film clips from two old Nelson Eddy movies were used, but with Nanette playing the heroine instead of Jeanette MacDonald.

Juliet Prowse and O'Connor had some great dance numbers, while Howard Keel and Shirley Jones handled the major singing chores. Even Richard (Dr. Kildare) Chamberlain unlimbered a nice baritone. And there was lots of good music—those old and familiar songs from movies dating back to "Forty-Second Street."

It was a most pleasant show. Oh, yes, Arthur Freed: he's the fellow who wrote the words to most of the songs composed by Nacio Herb Brown they sang. He also was the producer of a string of movie musicals, tantalizing samples of which were also shown—young Judy Garland doing the trolley song in "Meet Me in St. Louis" and Louis Jourdan in one chorus of "Gigi," among them.

Shari Lewis, the engaging little ventriloquist whose Saturday morning show is a delight but who has never made much of a dent on the nighttime audiences, got a king-size break from Jack Benny Sunday evening.

Jack's program seemed more business, she can play the piano like a public audition of Shari's, and violin a bit, sing acceptably. He danced nicely and to high-kicks as stood to one side in almost word well as a Rockette.

Claims God Will Destroy Kansas Town

By THE ASSOCIATE PRESS

BERKE, Kan. (AP)—The Beene family says God is going to destroy this southeastern Kansas town—population 1,204—after they are shown the way to another home.

The family is ready to go, but there is one hitch—Kennedy L. Beene Sr., 59, is in jail. He is there because he took the two younger of his six children out of school last Tuesday.

The children, their mother and grandmother are living in the family's two cars parked outside the jail. They have been there since Friday, packed and ready to go.

Beene says two daughters, Judy, 19, and Patricia, 16, have a gift of prophecy, and another daughter, Phyllis, 17, the gift of speaking in tongues. God speaks to him through the girls, Beene says.

Beene, a handyman with little education, speaks fluently and with sincerity about his non-denominational convictions.

He says God spoke to him first through Patricia last Aug. 23, saying, "God will deliver me."

Members of the family were praying and singing in the cars Sunday when Patricia and Judy announced God had spoken again, saying he would destroy the town.

Patricia said there is no vision with the messages, only words. (file, or vocalize, by electrical

Ever wonder what it is that

saying, "If you will not harken to the voice of the Lord thy God, I shall destroy the town within a few days."

The Beeneys mailed 164 letters to townspeople telling of the message.

Other prophecies followed—this one on Feb. 17: "They are a stubborn and rebellious people, ignoring the voice of the lord. I will destroy them."

And on March 3: "Take a few belongings and have them ready, for you must flee quickly. Go in cars, and have them ready at the door."

After Beene took Verla, 13, and Letha Faye, 6, out of school he was arrested. Kansas law requires children to attend school until they are 16 or graduate from the eighth grade.

Asked how he could take the family away if he is in jail, Beene said: "God will deliver me."

Members of the family were praying and singing in the cars Sunday when Patricia and Judy announced God had spoken again, saying he would destroy the town.

Patricia said there is no vision with the messages, only words. (file, or vocalize, by electrical

Mr. Rockefeller and Haskell Jones, Hempstead county GOP chairman, point to the Republican elephant in a picture posed during the dinner hour that preceded the public meeting.

makes you pick up that box of cake mix in the supermarket and absently drop it in your shopping cart, although you have two boxes on the shelf at home?

Could be you're hungry, and the message is finally getting through your subconscious.

In fact it appears that many of our subconscious moods and drives may begin at the stem of the brain in some sort of partnership of electrical and chemical action.

Experiments, described in this month's Scientific American magazine, indicate that an animal's behavior can be manipulated by electrical stimulation of the brain.

Chickens, with electrodes in their brains, can be made to peck, flee, or vocalize, by electrical

stimulation, the article explains. This sort of study may help man understand his own behavior.

Take a Powder

A new and inexpensive button—to measure how much radioactivity an individual may meet in an atomic attack—has been designed by University of Wisconsin scientists.

It contains a little bit of lithium fluoride powder—which can record the amount of radiation that strikes it. When it is heated to about 500 degrees Fahrenheit, the powder releases its energy in the form of light. From there it is simple: the more radiation, the more energy, the more light.

A small button, which could be used to measure something like mass produced for something like a dime a copy, could be hooked

onto drivers' licenses, easily processed in hospitals in an emergency, scientists said.

Dormitory Bids

LITTLE ROCK (AP)—An apparent low bid of \$28,862 was submitted Tuesday for construction of a 25-bed dormitory at the Negro Girls Training School at Fargo, Rock Steel Building Co. of Little Rock, which submitted the bid, was one of three bidders on the project, which includes installation of plumbing, heating, ventilating and electrical equipment. No action was taken on the bid, which the state Purchasing Department said was \$8,000 over the amount the school board had earmarked for the project.
